The flower market is one of the leading industries in countries such as the Netherlands, Colombia, Ecuador or Kenya. Flower production is usually associated with femininity, however its relevance transcends this concept since this sector supplies numerous festivities worldwide, such as weddings or summits, and provides general decorations, also for city gardens and landmarks. This company, located about 40 minutes from the centre of Barcelona by public transport, operates on their developed markets such as France, Germany, Poland, Italy, the USA and Canada. They have an online store where their clients can place orders for flowers from anywhere in the world. The international scope of operations requires them to have a young, creative and multicultural team.

Please ask your university/ school whether they are willing to sign an internship agreement.

Your tasks will be:

- Maintaining and building the company's existing relationships in the USA, Canada and UK.
- Supporting and creating new relationships in other markets.
- Sourcing new leads and developing new prospects for the company using your excellent communication skills.
- Researching and comparing competitors' strategies and products.
- Supporting the team through administrative duties.

We are looking for:

- Studies: Marketing, Business, Commerce, similar studies.
- **German (native), English (fluent)**
- IT-skills: MS-Office, Internet

We offer you:

- salary: **500€/month**
- international and labor experience in the beautiful city Barcelona!
