

European Graduate Program Commercial (Marketing & Sales)

Start 1 October 2017

Our 2 year European Graduate Program offers you the chance to work on 2x 1 year assignments, often in 2 different European countries where you will strengthen your skills and shape your future personally and professionally.

Marketing, Sales and Communications work together to connect the value of Avery Dennison products and solutions to markets, customers, employees and other stakeholders.

In the Commercial stream you are offered a core curriculum that fosters the development of your commercial skills and techniques that are critical to success in all of Avery Dennison's businesses.

The program prepares you for a successful career in Sales or Marketing by providing the opportunity to learn about our products, industry and customers while simultaneously making valuable contributions to the organization.

Key Job Responsibilities:

During the 2 year program you will start with a rotation of 1 year in different Sales functions, to give you the opportunity to build on your commercial skills by working in our technical sales teams and by visiting our customers.

Your 2nd rotation of 1 year will take place in one of our Marketing teams, focused on Product Management or Marketing Communications.

Avery Dennison will provide you with both on-the-job experience and functional training focused on project management and Enterprise Lean Sigma, products capability, marketing communication and sales methodology but will also focus on personal development and leadership skills.

We offer an interactive team environment, where your capabilities and skills will be developed to build a strong career foundation.

Positions such as Junior Product Manager, Marketing Communication Specialist and Customer Service Lead are some of the potential positions offered immediately after the 2 year program.

Position Requirements:

We are looking for candidates who are just about to complete – or have recently completed – a Bachelor or Master degree in a commercial subject, e.g. Marketing, International Business, Sales, Business Strategy or equivalent.

A maximum of 2 years of professional experience in an international company is a plus.

We are looking for candidates who are highly motivated and creative thinkers. But we're also looking for people who:

- Have strong analytical and problem solving skills
- Enjoy a varied, fast-moving environment
- Are global team players
- Are willing and flexible to relocate into different projects and locations across Europe during the 2 years program
- Are fluent in English with preferably one additional European language
- Can effectively communicate at all levels of the organization

For the European Graduate Program EU Citizenship is required.

Are you interested or do you know someone who might be?

Please apply today on our [Career Site](#). Don't hesitate to contact Nina Rolsma, Graduate Program Manager Europe for more information via nina.rolsma@eu.averydennison.com

Good Luck!
